Subject: Reply to your Urgent Notice of Investigation and Immediate Compliance Demand

Dear Mr. Brown,

The Swedish MMA Federation (SMAAF) is not a member of any other international federation and therefore cannot be in breach of the mentioned article and section in the statutes. Furthermore, we have not sent any functionary to represent SMAAF at the mentioned event.

Ms. Fagerlind, a referee by profession, has, on her own initiative and as a private person, worked as a referee at the event in question. If you have any concerns or reservations regarding this matter, we suggest you raise the issue directly with Ms. Fagerlind.

According to Swedish law, SMAAF cannot prevent anyone from practicing their profession.

Sincerely,

The SMAAF Board
